Tuition	8,106	8,106
Estimated fees withheld from loans	635	365
TOTAL COST OF ATTENDANCE BUDGET	23,337	16,695

* Budget subject to change

Tuition will be waived and students receive a \$32,800 annual stipend.

The total cost of attendance budget is the maximum amount of resources (i.e.-scholarships, loans, grants, etc.) that a student may receive. If a student receives a late award (loan, scholarship, grant, etc.) the financial aid package is recalculated.

If possible, second disbursements are lowered, if not the late award is sent to the lender to reduce the amount of loans.

For new students, relocation to Des Moines is an expense incurred prior to the program and cannot be included in this budget.

You should budget \$1250 for a single student to \$1800 or more for a family.

Keep in mind that according to Federal regulations, the budget is constructed for a single student only.
