TOTAL COST OF ATTENDANCE BUDGET			
	17,963	9,487	7,083

* Budget subject to change

****Tuition is based on 9 cr. hrs. for full time and 5 cr. hrs. for half time. If a student takes additional credits the tuition charge will be higher. Contact the financial aid office.**

If a student is only enrolled in one module for fall or spring terms, the budget is only for 2 months.

Refer to the summer budget amount.

The total cost of attendance budget is the maximum amount of resources (i.e.-scholarships, loans, grants, etc.) that a student may receive. If a student receives a late award (loan, scholarship, grant, etc.) the financial aid package is recalculated.

The late award will be sent back to the lender to reduce the amount of loans.

Keep in mind that according to Federal regulations, the budget is constructed for a single student only.
